Piano Camp for Beginners

(Ages 6-9 years)

Piano Camp 2011 is designed for students who have had no previous piano study. Attending a piano camp before they begin lessons is an excellent way to give students a head start in learning some of the basic concepts taught in the first months of beginning lessons. It also allows children and parents alike to see if this is an instrument that they would like to pursue through further lessons.

The students will be introduced to the keyboard in the Music Academy's up to date piano lab which features full-size keyboards for each student. In addition to keyboard time, the students will enjoy a variety of musical games that teach as well as entertain. Class size limited to 7 students.

Date: MONDAY-THURSDAY, JUNE 6-9

Time: 3:30-4:30 PM

Instructor: Joy Cogswell

Cost: \$70.00 includes tuition and book

Spanish, You and Your Child

(Ages 14 months-2 years &

Ages 3-5 years)

This class is designed for children to attend with parents/caregiver.

The best time to teach your child a second language is the same time she/he is learning her/his first one. Active learning is a key factor of language learning success. You and your child will learn Spanish in a realistic, fun and interactive environment. We create easy Spanish lessons for your family through dancing, singing, movement and reading. Why? Because children love to choose activities that have physical movement, because fluency and pronunciation are reinforced by singing and because reading and listening to books are fantastic ways to enhance comprehension skills. So come and play with us in Spanish!
